Getting started with
digital titles from your library
On tablets and smartphones

Step 1

Install the free OverDrive app from your app store or from app.overdrive.com.
The app is available for Android, iOS (iPhone/iPad/iPod touch), Windows 8,
Windows Phone, Kindle Fire tablets, Kobo tablets, and NOOK tablets.

Step 2

Open the OverDrive app and follow the prompts to sign in or sign up for a free
OverDrive account. If you're under 13, select **I am under 13 years old** instead.

*Note: You won't see these prompts on Windows Phone or in older versions of the OverDrive
app. In those cases, skip this step and move on to step 3.*

Step 3

Use the app's **Add a Library** (or **Get Books**) feature to find and save your library's
OverDrive website.

Step 4

Log into your library's OverDrive website with your **school login** to see all the
titles available at your branch. Tap an available title, then tap **Borrow** to borrow
it.

Step 5

Once you've borrowed a title, you'll have several options for what to do with it.
You can:

- **Download** EPUB eBooks and MP3 audiobooks to the OverDrive app.*

- **Read** most eBooks in your browser without downloading them.

- Tap **Download**, then select **Kindle Book** (U.S. only) to complete checkout on
  Amazon's website and send a Kindle Book to your Kindle device or Kindle
  reading app.

*Note: If you're using Windows Phone or an older
version of the OverDrive app, you'll need to authorize
your device with an Adobe ID to download EPUB eBooks.
It's a one-time, free process that takes just moments
to complete.*

Getting started with
digital titles from your library
On computers, eBook readers, & MP3 players

Step 1

On your Windows or Mac computer, ind your library's OverDrive website at

Note: If you have a Windows 8 computer, you can install the OverDrive app from the Windows Store and follow our tablet/smartphone instructions to borrow and enjoy digital titles through the app.

Step 2

Log into your library's OverDrive website with your library card to see all the titles available at your branch. Once you find an available title to borrow, move your mouse over the title and click **Borrow**. Borrowed titles will appear on your **Bookshelf** under your **Account**.

Step 3

For most borrowed eBooks, you can click **Read** to begin reading immediately in your browser.

Step 4

For most borrowed titles, you can choose a format to download. Please note that once you choose a download format, any other format options for that title will disappear (except for the **Read** in your browser option, which is always available).

- In the U.S., you can click **Download**, then select **Kindle Book** and follow the prompts to complete checkout on Amazon's website and send a Kindle Book to your Kindle device or to a free Kindle reading app.

- To download EPUB or PDF eBooks to your computer, install free Adobe Digital Editions (ADE) software and follow the prompts to authorize your computer with a free OverDrive account or Adobe ID. You can then **Download** borrowed eBooks and read them in ADE or use ADE to transfer them to supported eBook readers.

- To download audiobooks to your computer, install OverDrive's free desktop app for Windows or Mac. You can then **Download** borrowed audiobooks and listen to them using OverDrive's desktop app or transfer them to supported MP3 players.

- On Windows computers, you can also use OverDrive's free desktop app to **Download** and enjoy music and some videos.
