# New York State Public Education Powers & Duties

## NYS Board of Regents

The Board of Regents is comprised of no less than 15 board members: one resident representing each of the 12 judicial districts in NYS, as well as a minimum of 4 additional members who serve at large.

BOR members are elected by the NYS legislature to serve a 5-year term.

The Regents are responsible for determining the State of New York's educational policies and for establishing rules to carry into effect the laws and policies of the state relating to education.

The Board is also responsible for appointing the NYS Commissioner of Education.

## NYS Governor & Legislature

The Governor of New York is advised by a cabinet member about education.

The Governor's state budget allocates funds to support public education.

The NYS Legislature is responsible for proposing legislation to support public education.

The NYS Legislature appoints members to the Board of Regents.

## New York State Education Department

Operates under authority of the Board of Regents.

Acts as an intermediary between the BOR and local school districts, providing support and ensuring compliance with state regulations.

Oversees state assessments and coordinates statewide initiatives relative to public education.

## Board of Cooperative Educational Services (BOCES)

There are currently 37 BOCES across New York State partnering with nearly all of the state's public-school districts to support student needs.

BOCES provides shared programs and services including special education, vocational training, and professional development.

BOCES District Superintendents facilitate communication between NYSED and local school districts and promote collaboration between all stakeholder groups.

## Local School Districts and Boards of Education

Members of the Board of Education are elected by their community to guide the public education system through policy development and district oversight.

It is their responsibility to ensure that resources are allocated effectively to meet the educational needs of all students.

Board members play a crucial role in advocacy efforts related to public education in New York State.

## The Federal Government

### United States Department of Education

The United States Secretary of Education is responsible for ensuring that all schools are abiding by the federal policies and laws pertaining to education.

Both the House and the Senate have education committees to review educational policies and proposed laws.

The 10<sup>th</sup> amendment of the U.S. Constitution gives states control over education that limits the role of the federal government in education.

## **Monroe County School Boards Association Legislative Committee Advocacy Etiquette**

**The Monroe County School Board Association advocates on behalf of all partnering public school districts in support of an equitable education for all students.**

**Association members are heavily invested in advocacy for public schools in the greater Rochester area.**

**The Legislative Committee states the following advocacy etiquette to be adhered to by all participating MCSBA members when advocating on behalf of the association.**

- MCSBA advocacy events are representative of all member districts. Attending members are expected to support the positions of the association. Personal agendas are to be left aside.
- As a nonpartisan organization, it is imperative that all members refrain from engaging in any partisan action including displaying political, controversial, or self-serving items. When advocating via online platforms, background screens must remain impartial and free of any logos.
- We will interact with an open-mind and always remain respectful and positive.
- Be prepared to share a specific story (related to the MCSBA positions) in a brief synopsis so that the legislators may carry it forward.
- When meeting with legislators, we will take note of their responses and provide follow up to their questions.
- The legislator's perception of the association is critical to our success. We are professionals representing NYS public education on behalf of all children. Our expectation is to lead with decorum, integrity, and respect for all.
- MCSBA intends to serve as a resource to legislators and their staff.
- Our actions, dialogue and decisions will reflect what is best for MCSBA.

# Advocacy Suggestions

## ***Before meeting with legislators:***

1. Know your topic(s).
  - Focus on four or fewer items each year to concentrate your efforts.
  - Keep updated on specific pending legislation and its effects on your school district. Assume the legislator knows little or nothing about your topic.
  - Be prepared to state specifically what your district is doing to reduce costs.
  - Know the current status of bills (number, sponsor) you will discuss with the legislator. Know the viewpoints of the opposition; refute them and/or defend your position.
  - Know and use the NYSSBA principles for state aid as well as MCSBA position papers.
  - Contact MAJORITY members and leaders of both houses.
2. Know your Legislator.
  - Know the legislator's positions, opinions, and accomplishments.
  - Understand that the legislator must advocate for ALL constituents to be re-elected.
  - Seek ways to make your issues fit the legislator's agenda.
3. Prepare your remarks.
  - Use bill content to introduce a topic, have the bill number available. Refer to programs or bills by name, do not use acronyms.
  - State why your issue should be a priority; develop specific supportive data. Be concise.
  - Identify an action item to request of the legislator.
  - Mail your position ahead of the meeting; develop handouts for the meeting.
  - Designate one or more speakers (for all topics to be covered during the meeting).

## ***During meetings with legislators:***

1. Introduce all members of the group to the legislator and ensure they all get a chance to speak.
2. Thank the legislator for past support (or for spending time with you if nothing else).
3. Relax; the legislator is an elected official like you. Be assertive but not confrontational. Cover all desired topics, returning the discussion to your topic as needed. Do not insult or criticize. State availability for follow up conversations.
4. When meeting with state officials, discuss the effects of state aid on your district, noting the relationship between state aid and local property taxation rates.

## ***After/between meetings with legislators:***

1. Send a follow-up letter that recaps important points and thank them again.
2. Be tenacious. Try again and again, courteously—some efforts take years to resolve. Contact legislative staff members for assistance. Contact frequently—visits, letters, phone calls.
3. Help legislators reach larger numbers of potential voters. Provide public exposure for legislators and give them public accolades for their support. As an individual, work for and support the re-election of legislators who have supported your district.

# Writing to Legislators

## Sample Letters

### Be specific about pending legislation and its effect on your district.

I am writing as a (member of the Board of Education/parent/taxpayer to seek your support for Bill (# and sponsor name) which would \_\_\_\_\_.

The people of (school district/Monroe County/NYS) have been fortunate to have your help on important educational issues in the past. I am requesting your continuing efforts to secure the best education possible for the young people of our community.

### Provide data about your own school district.

The \_\_\_\_\_ Board of Education is seeking your support for a state aid plan that will provide for an annual increase in operating aid to districts like ours that have rapidly increasing student enrollments. The additional \_\_\_\_\_ students enrolled in our district this past year mean that we must purchase \_\_\_\_\_ more personal computers for a cost of \$ \_\_\_\_\_ and expand our building capacity at a cost of \$ \_\_\_\_\_. These increasing expenses make the need for additional state aid critical to our constituents, \_\_\_\_\_% of whom live on fixed incomes.

### Be polite and say thank you for previous support.

(I am/The \_\_\_\_\_ Board of Education is) seeking your support for fair and adequate funding of public education in NYS. The \_\_\_\_\_ District more than ever must depend on NYS for financial support. More than \_\_\_\_\_% of our taxpayers live on fixed incomes; \_\_\_\_\_% more have lost their jobs in recent months. We cannot continue to raise local property taxes. We are holding employee salary increases to less than \_\_\_\_\_% a year. Our only other option is to cut some of our programs. (I/We) appreciate your past support for the efforts our district is making, and hope that you will continue your support during the development of the state budget this year.

In a legislative house a member promotes an idea; the Bill Drafting Commission writes it in legislative language; The bill is introduced, dated, numbered, and printed.

Bill moves to relevant Standing Committee for study, discussion, and possible hearings or amendments. If approved by one committee, it may move to other committees to repeat the process if deemed appropriate.

If approved by committee, the bill is listed on the Calendar of Bills for three separate meetings of all members to consider, debate, amend, and vote.

If passed in one house, the bill goes to the other house to repeat the legislative process. If amended, the bill must be re-passed by the original house as amended.
